

**International Isotope Society  
UK Group**

**32<sup>nd</sup> Annual Symposium on the  
Synthesis and Applications of  
Isotopically Labelled Compounds**

**Friday, 13<sup>th</sup> November 2026  
The Møller Institute  
Cambridge, UK**

**<https://www.iis-uk.org>**

## **Keynote Speakers**

**Professor Gill Reid, CBE**  
University of Southampton, UK

Exploring metal-macrocyclic scaffolds  
for binding fluorine-18.

**Professor Troels Skrydstrup**  
Aarhus University, Denmark

Carbon isotope labelling techniques  
involving organometallic intermediates.
